PLAN NOW TO VISIT THE BEAUTIFUL SHENANDOAH VALLEY AND COME TO STAUNTON ON NOVEMBER 3rd

We hope to make this sale a turning point in Shorthorn history in the East, and with this goal in mind Shorthorn breeders in Virginia, West Virginia, and Maryland have picked out an outstanding group of cattle for this event. Coming from healthy, prolific herds, they are the profit-making kind of cattle, which will back up the Shorthorn claim of producing greater weight-for-age than any other breed.

As an added attraction, 12 beautifully bred heifers from the famous Shorthorn herds at Edellyn, Marellbar and Anoka, have been included in the consignment. A number of these heifers will sell bred to such famous sires as the Supreme Perth Champion, Calrossie Mercury, Edellyn Golden Mercury, Cruggleton Post Boy, Drynie Roger, Gosshall Security and Gosshall Zealous. This will present an excellent opportunity to acquire some of the most popular blood lines in existence.

An opportunity to strengthen existing herds is offered to all Shorthorn breeders and a chance to lay a splendid foundation for a new herd is presented to new breeders.

There will be an informal dinner at 7:00 p. m. on the evening of November 2nd, at the Hotel Stonewall Jackson, Staunton, Va., when many nationally known Shorthorn leaders will be present, so plan to arrive in time to attend this event. Moving pictures of the famous Palermo Show in the Argentine will be shown.

NOTE THIS SPECIAL OFFER

The American Shorthorn Breeders' Association is making an offer to prepay the freight up to a maximum of \$200 on any carload of animals including 10 lots or more purchased in this sale and billed to one destination. Your state or community may be able to take advantage of this offer. Why not contact other breeders in your locality with an aim to consolidating one shipment?

GWENDOLINE 106th. Another nice heifer by Royal Prince and out of a daughter of Cruggleton Guardsman, this heifer carries the service of Royal Marshal, listed elsewhere in this catalogue and the result of this mating should intensify the good features of those two prepotent lines.

There is no finer farm scene than a good herd of "reds, roans and whites" at pasture, as represented by this view of some of the herd of K. C. Whittle on his farm at Martinsville, Va. Good pasturage should be the basis of any cattle operation, and Shorthorns lead the way as top converters of grass and farm roughages into beef.
